WOOD COUNTY AUDITOR'S OFFICE

Dear Property Owner:

A data collector from the County Auditor's office was at your property today to gather and verify information for your record. Since no one was home at the time of the visit, we ask that you please complete this form and return it to the Auditor's office within 10 days.

Your assistance will be very helpful in maintaining your record's accuracy and in assuring that you pay no more than your fair share of the taxes.

A new construction program is carried out every year by the County Auditor. This program involves picking up building additions or deletions to properties, as reported by building permits or reported directly to the County Auditor.

If you have any questions, please call the County Auditor's office. Thank you for your cooperation and assistance.
